About Jericho Project

Jericho Project is a nationally-acclaimed nonprofit ending homelessness at its roots by enabling homeless individuals and families to attain quality housing, employment and mental and physical health services. The 34-year-old nonprofit serves over 2,500 individuals, including 700 veterans, annually. Jericho has been a key partner in New York City's initiative to end veterans' homelessness, and is leading bold, innovative strategies to do the same for families and young adults.

Our programs touch four cornerstones of a person's life: housing, employment, wellness and family stability. We create a culture of "moving on" through a foundation of housing and supportive services provided by expert program specialists and case managers.

We have over 400 units of supportive housing including 7 residences in the Bronx and Harlem, as well as scatter-site apartments throughout NYC. A new residence at Walton Avenue in the Bronx is under construction.
