Accounting principles generally accepted in the United States of America require the Organization to evaluate uncertain tax positions taken. The financial statement effects of an uncertain tax position are recognized when the tax position is more likely than not, based on the technical merits, not to be sustained upon examination by the IRS or Treasury. The Organization has analyzed the tax positions taken and has concluded that as of March 31, 2022, there were no uncertain positions taken or expected to be taken by the Organization. The Organization has recognized no interest or penalties related to uncertain tax positions. The Organization is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Organization is
