### **About Jericho Project**

Jericho Project is a nationally acclaimed nonprofit ending homelessness at its roots by enabling homeless individuals and families to attain quality housing, employment, and mental and physical health services. The 40-year-old nonprofit serves over 2,500 individuals, including 700 veterans, annually. Jericho has been a key partner in New York City's initiative to end veterans' homelessness, and is leading bold, innovative strategies to do the same for families and young adults.

Our programs touch four cornerstones of a person's life: housing, employment, wellness, and family stability. We create a culture of "moving on" through a foundation of housing and supportive services provided by expert program specialists and case managers.

We have over 550 units of supportive housing including 9 residences in the Bronx and Harlem, as well as scatter-site apartments throughout NYC.
