

Position: Clinical Therapist – Logan Fountain
Location: Brooklyn, New York
Reports to: Director of Clinical Therapy
Hours: Full-time, 40 hours per week, some evenings /weekends

About Jericho Project

Jericho Project is a nationally acclaimed nonprofit ending homelessness at its roots by enabling homeless individuals and families to attain quality housing, employment, and mental and physical health services. The 42-year-old nonprofit serves over 2,500 individuals, including 700 veterans, annually. Jericho has been a key partner in New York City's initiative to end veterans' homelessness, and is leading bold, innovative strategies to do the same for families and young adults.

Our programs touch four cornerstones of a person's life: housing, employment, wellness, and family stability. We create a culture of "moving on" through a foundation of housing and supportive services provided by expert program specialists and case managers.

We have over 650 units of supportive housing including 10 residences in the Bronx, Manhattan, and our newest in Brooklyn, as well as scatter-site apartments throughout NYC.

About the Position

Jericho Project is seeking qualified clinician (LCSW or similar) to provide ongoing counseling for Jericho's newest supportive housing program, Logan Fountain. The qualified applicant will work in conjunction with other Jericho support staff to serve participants who are formerly homeless. The Logan Fountain program serves formerly housing unstable clients who are across the life course, from families and children, young adults, to elderly. This is also Jericho's first supportive housing program in Brooklyn. Candidates must have experience serving a wide range of individuals with mental illnesses, trauma and substance abuse histories; experience with the homelessness and housing unstable populations is preferred. The candidate should provide services with an awareness of, sensitivity to, and respect for diversity of culture, ethnicity, gender identity, physical and mental abilities, sexual attraction, race, and spirituality or religion. Potential candidates should have experience in evidence-based psychotherapy modalities.

The FLSA status of this position is **Exempt**.

Responsibilities:

- Complete clinical assessments, biopsychosocials, treatment plans, progress notes, psychiatric evals etc. as required ensuring all charting documentation are up to date at all times.
- Provide diverse range of counseling and interventions depending on the needs of the participants.
- Facilitate groups, as needed.
- Work with an interdisciplinary approach and collaborating with colleagues on the comprehensive treatment of participants.
- Provide on the spot assistance with client issues that may present in therapy sessions (eg: case management assistance in the moment vs referring them back to the case manager at a later date.)

- Flexibility in scheduling around client needs and locations (telehealth, in office meeting, community outreach, etc).
- Identify resources in the community for participants and create/maintain linkages with psychiatric providers.
- Provide in-services/trainings to staff members as appropriate to the needs of the program/agency
- Participate in weekly supervision, case conferences, staff meeting, and trainings as assigned.
- Promote Jericho Project on social media sites.
- Conduct community outreach as assigned to promote Jericho Project programs.
- Carry out duties as assigned by leadership.

Requirements:

- Licensed Clinical Social Worker, or similar (LMHC, LMFT, etc).
- Candidate must have at least three years' experience working with victims of trauma for populations such as people with substance abuse disorders, those with psychiatric illness or those who have experienced homelessness.
- Experience with a broad range of populations required.
- Ability to manage caseload of 25-30 across programs.
- Candidate must possess superior written and verbal skills.
- Candidate must be well-organized and possess multitasking skills.
- Training in evidence-based practices: The successful candidate will have experience providing evidence-based treatments (CBT, DBT, Motivational interviewing, etc.) to a wide range of diagnoses.
- Therapist is regularly required to, type, use hands and fingers, reach with hands and arm. The Therapist is regularly required to walk, ascend and descend stairs, stoop, and kneel. The Therapist is often required to spend up to six (6) hours sitting at a desk during a normal eight (8) hour shift. Occasionally the Therapist is required to lift items less than 5 pounds. The Therapist is regularly required to move throughout the facility/NYC while carrying out job duties.
- Bilingual Spanish/English is a plus.

Compensation:

The salary range for this position is **\$80,000.00 to \$85,000.00 annualized**. Jericho Project offers a comprehensive benefits package. Employees are eligible for a merit increase annually. Merit increases are based on the employee's performance during the prior year.

How to Apply:

Interested applicants must submit a resume and cover letter with salary requirements to:
